Transforming Medical Learning

# Complete Anatomy

The world's most advanced interactive anatomy learning platform.

- The **most accurate and complete** 3D human anatomy models available.
- Over **13,000 interactive structures**, **12 layered systems**, stunning **micro-anatomy models**, and a **beating, dissectible 3D human heart**.
- **Patented creative tools** and unrivalled **model customization** functionality.
- **Complete Courses**, delivered by world-leading experts in Human Anatomy, Point of Care Ultrasound, Cadaveric Imagery, Clinical Correlates and more.
- **Educator tools** with Drag & Drop Curriculum, lecture recording & student assessment dashboard.
- Over 900 **clinical video animations** on Cardiology, Orthopaedics, Ophthalmology, Dentistry and Fitness.
- All on a **single, app-based platform**, available on iOS, Mac, Windows and Android.

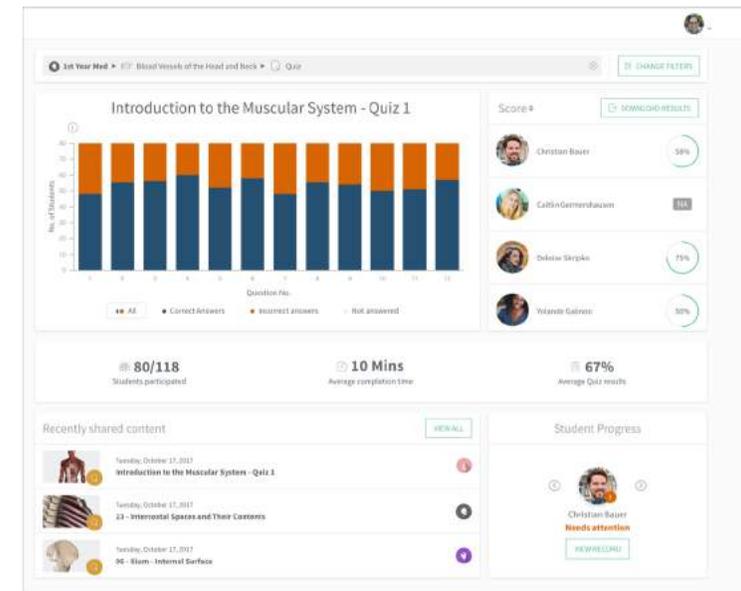

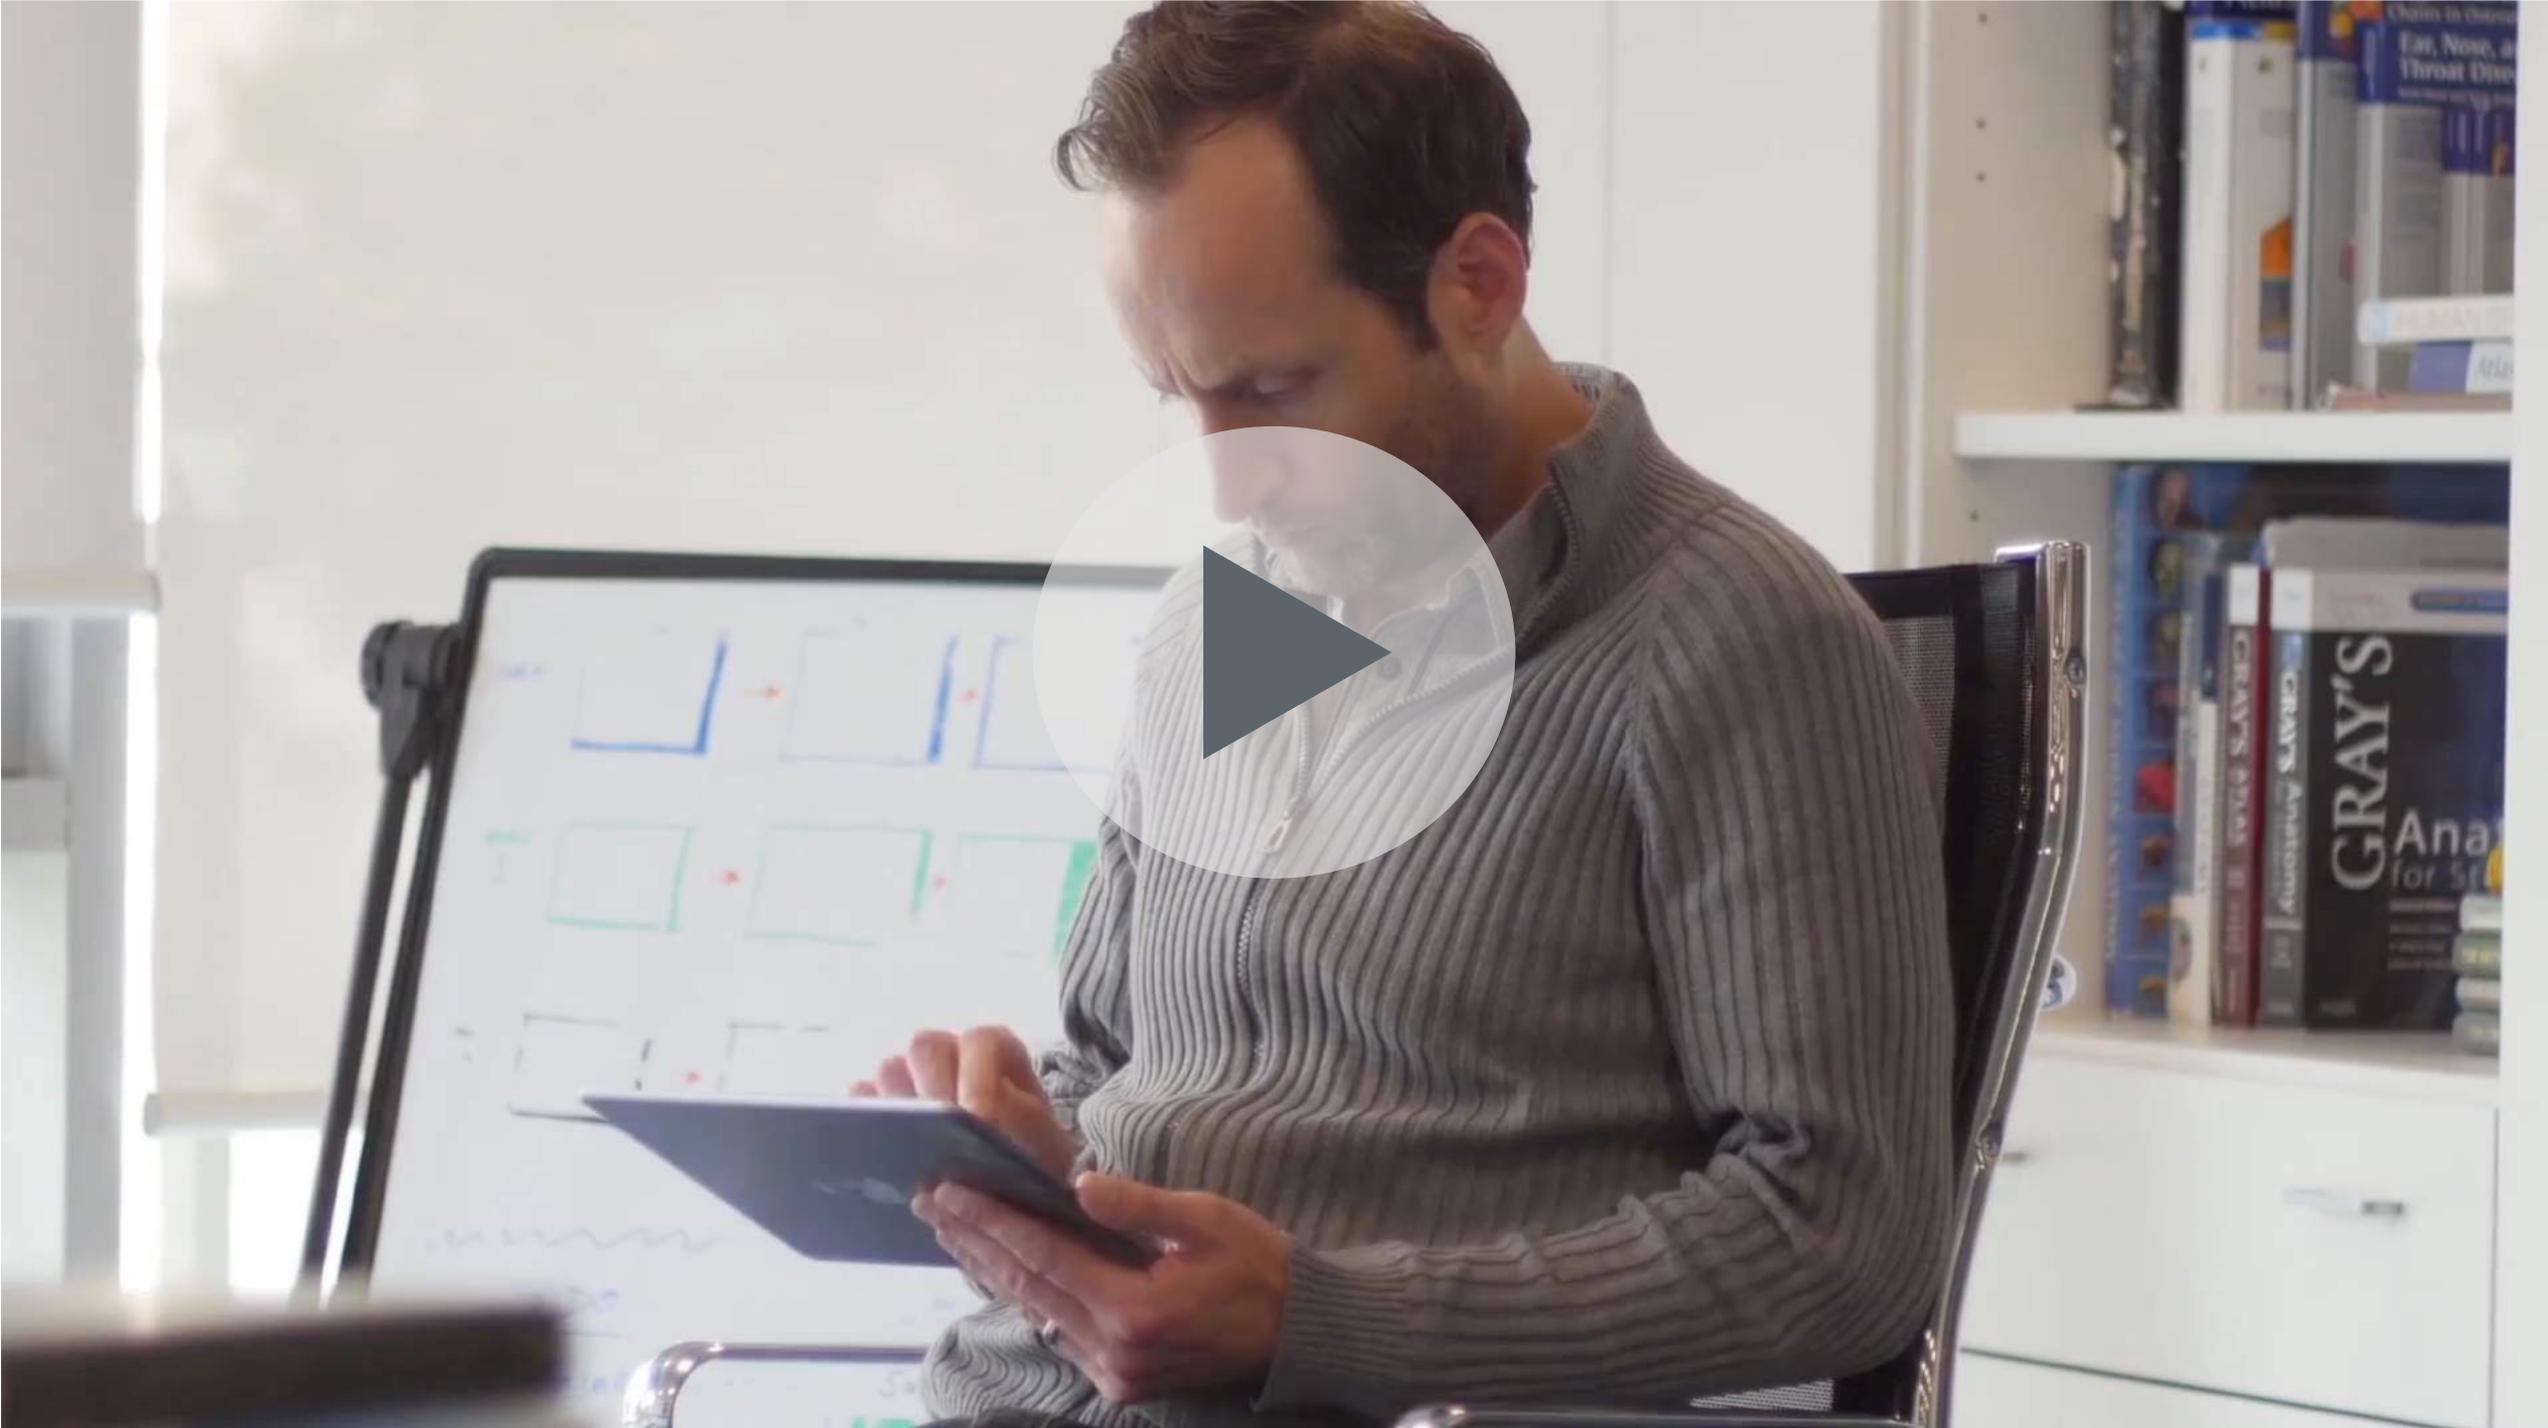

# Curriculum Manager

## Complete Anatomy's suite of tools & content for Educators.

- **Courses** by renowned experts, ready to share with students:
  - Undergraduate Human Anatomy - Regional & Systemic
  - Point-Of-Care Ultrasound
  - Cadaveric Images
  - Clinical Correlates
- **Content Tools:** customize or create content for your own curriculum, using our unique toolset and comprehensive library of resources:
  - Over 2,000 interactive Screens
  - Over 1,000 interactive Recordings
  - Over 100 hours of Lectures
  - 100's of Quizzes
- **Group Manager:** manage your students' access to content, dividing class groups as appropriate.
- **Dashboard:** track students' engagement with content and quizzes via an easy-to-use student assessment dashboard.

## Benefits For Students

- The highest quality 3D models and learning content.
- Available anytime, anywhere on their device via a single unified app.
- Customized screens, lectures and quizzes received direct from their instructor.
- Pre-prepared Courses and resources from world-leading academic specialists.
- Shared Groups, for collaborative learning with fellow students.

“Our students use Complete Anatomy as a **substitute for a traditional anatomical atlas**. I would definitely recommend the platform for any institution teaching anatomy.

UNIVERSITY OF  
COPENHAGEN

Jørgen Olsen  
University of Copenhagen

## Benefits For Instructors

- The most advanced 3D atlas of the human body.
- A huge library of learning resources created by medical learning specialists.
- A truly mobile ‘distributed learning’ solution, for creating and sharing customized curricula with student groups.
- Advanced tools to customize models, screens and courses, record lectures, and create quizzes.
- Monitor student engagement and performance via our student assessment dashboard.

“ The graphic design and **detailed anatomical structures in the app are outstanding**, and the ability to personalise learning content and the **excellent user experience** are unlike anything else I have encountered.”

Dr. Jochen Bretschneider  
VU University Medical Center, Amsterdam

## Competitor Analysis

Historically, 3D4Medical's competitors have been the large book publishers; however there are other companies that also offer 3D models and atlases, described below:

- **Visible Body** –do not have the quality or model accuracy of 3D4Medical apps. Several years behind in technology and functionality. Content is spread across several apps vs a single platform for Complete Anatomy.
- **Primal Pictures** – dated technology, expensive and complex pricing structures. Poor reputation among students .
- **Acland Anatomy** – Outdated technology and content. Publisher has explicitly stated that the content will not be updated.

 VISIBLE BODY®

ACLAND'S VIDEO ATLAS OF  
HUMAN ANATOMY®

## Independent Validation

### [2014 Research Report – Lewis et al:](#)

- Study to qualitatively assess available 3D anatomy apps concluded that: “Essential Anatomy was the most impressive application out of all the applications tested.”

### **Dec 2015 – Report to British Academy of Clinical Anatomists:**

- Study presented to Winter meeting of BACA on the medical accuracy of anatomy reference apps. Complete Anatomy was chosen unanimously as most accurate.

### [2016 Research Report – Meyer et al:](#)

- Study among chiropractic students reported that 6 of the top 8 mobile anatomy apps owned by students were developed by 3D4Medical.

### **Spring 2018 – Analysis By Pearson Education:**

- Faculty review of leading commercially available anatomy apps. Complete Anatomy chosen as most medically accurate, most functional and most sophisticated available.

- Apple Design Award Winner & Mobility Partner.
- Featured in 2 Live Apple Keynote Events.
- Featured in multiple Apple marketing campaigns.

- Featured in Live Microsoft Keynote Event.
- Featured in multiple MS marketing campaigns.
- Partnering on VR human atlas project.
